		Software architecture Software designing area. Design patterns, architectural styles, SOLID principles are welcome here	0	58	0.00	Thu 22 of Oct, 2015 [13:47]	software_engineer
		Requirement analysis activities Requirement engineering validation. verification and elicitation	0	13	0.00	Thu 22 of Oct, 2015 [13:45]	software_engineer
		Software engineering position papers to IJ IMA Area for reviewing ideas before publishing or conference presentation	0	18	0.00	Thu 22 of Oct, 2015 [13:43]	software_engineer
		C# development Object Oriented technologies using C#, C# classes and namespaces, Windows form Application questioning are welcome	0	81	0.00	Thu 22 of Oct, 2015 [01:07]	software_engineer
		Software Modeling and Analysis Model-driven Architecture (MDA) questioning welcome, Model-driven Development (MDD) Model-driven Engineering (MDE) questioning are also welcome	1	24	0.00	Thu 22 of Oct, 2015 [01:01] <i>Re: Software modeling and analysis by software_engineer</i>	software_engineer
		IBM Rational products tasks and features IBM Rational Software Architect welcome, IBM Rational Team Concert welcome, IBM Rational ClearCase welcome and other IBM rational products also welcome	0	19	0.00	Thu 22 of Oct, 2015 [00:38]	software_engineer
		How to use forum All questions about forum organization and supporting new topics and managing existing ones	2	56	0.00	Thu 22 of Oct, 2015 [00:22] <i>Read first how to ask a question in some topic? by software_engineer</i>	software_engineer
		Mobile development Unity welcome	1	29	0.00	Thu 22 of Oct, 2015 [00:01] <i>Re: Mobile development by software_engineer</i>	software_engineer
		Software Engineering Standarts Software Engineering Standarts Discussion	1	117	0.00	Thu 15 of Oct, 2015 [20:25] <i>Re: Software Engineering Standarts by admin</i>	admin

AIM of the forum

To provide collaboration between:

- software engineering specialists;
- authors of International Journal
"Information models and
analyses".

Satisfying author needs

- Obtaining an advice when article topic is chosen

The screenshot shows the ITHEA International Scientific Society Software Engineering forum page. The main content is a forum list with the following data:

type	count	title	replies	reads	posts	last post	author
	0	Software architecture Software designing area. Design patterns, architectural styles, SOLID principles are welcome here	0	58 0.00	Thu 22 of Oct, 2015 [13:47]	software_engineer	
	0	Requirement analysis activities Requirement engineering validation, verification and elicitation	0	13 0.00	Thu 22 of Oct, 2015 [13:45]	software_engineer	
	0	Software engineering position papers to IJ IMA Area for reviewing ideas before publishing or conference presentation	0	18 0.00	Thu 22 of Oct, 2015 [13:44]	software_engineer	
	0	C# development Object Oriented technologies using C#, C# classes and namespaces, Windows form Application questioning are welcome	0	81 0.00	Thu 22 of Oct, 2015 [01:07]	software_engineer	
	1	Software Modeling and Analysis Model-driven Architecture (MDA) questioning welcome, Model-driven Development (MDD) Model-driven Engineering (MDE) questioning are also welcome	1	74 0.00	Thu 22 of Oct, 2015 [01:01] Re: Software modeling and analysis by software_engineer	software_engineer	
	0	IBM Rational products tasks and features IBM Rational Software Architect welcome, IBM Rational Team Concert welcome, IBM Rational ClearCase welcome and other IBM rational products also welcome	0	19 0.00	Thu 22 of Oct, 2015 [00:38]	software_engineer	
	2	How to use forum All questions about forum organization and supporting new topics and managing existing ones	2	56 0.00	Thu 22 of Oct, 2015 [00:22] Read first how to ask a question in some topic? by software_engineer	software_engineer	
	1	Mobile development Unity welcome	1	29 0.00	Thu 22 of Oct, 2015 [00:01] Re: Mobile development by software_engineer	software_engineer	
	1	Software Engineering Standards Software Engineering Standards Discussion	1	117 0.00	Thu 15 of Oct, 2015 [20:25] Re: Software Engineering Standards by admin	admin	

Below the forum list, there is a section titled "Last 20 topics in this forum" with the following topics:

- Software architecture
- Requirement analysis activities
- Software engineering position papers to IJ IMA
- C# development
- Re: Software modeling and analysis
- Software Modeling and Analysis
- IBM Rational products tasks and features
- Read first how to ask a question in some topic?
- Re: Mobile development

ITHEA SE Forum compulsory rules

1. Communication language is **English**:
 - 1.1 Create English posts;
 - 1.2 Give English answers;
 - 1.3 Do not use non normative lexicon.

2. Be **expressive and laconic**.

3. Stay **inside** of discussed topic or concrete forum theme.
